Care and Support for Life

It doesn't happen by accident!

“If You Always Do What You've Always Done, You'll Always Get What You've Always Got.” ~ Henry Ford

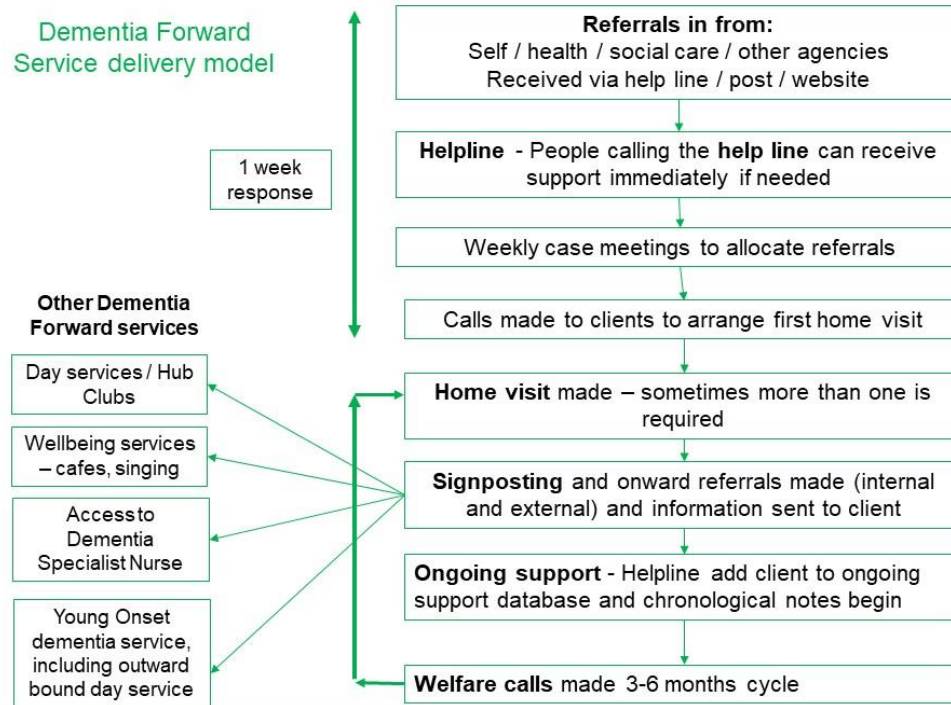

So if we want something different we have to put something different into it.

We had to change our mind set and then we had to ask others to do the same!

Our existing pathway didn't work

Our language didn't work

We had to make new connections and make a new tool box

Shoe hornning young onset dementia into a model designed for older people was never going to work. Even some of our longest serving and most qualified staff didn't get it!
