

Raising awareness around Young Onset Dementia

Are you a friend or family member who cares for or supports someone living with a diagnosis of Young Onset Dementia?

Have you been diagnosed with Young Onset Dementia?

Do you work closely with people living with Young Onset Dementia?

We want to find out more about your **experience of living with or caring for** someone with **Young Onset Dementia**

If you decide to take part, we would like to **interview you** at a time that suits you and in a place you feel comfortable. You may also have the **opportunity to join a co-production group**

For more information, please contact Ruby Lyons, who is leading the research
